

ABOUT HUDSON GARDEN CLUB

The highlight of our group's annual projects is the House and Garden Tour which began in 1947. Held in June, the two day event brings 2,000 to 3,000 visitors to Hudson. The Tour owes its success to the tremendous support of

over 500 volunteers from the community. Proceeds from the Tour are used to fund planting, care, and replacement of trees and other plant material throughout Hudson; for the Genevieve Jyurovat Scholarship, offered to students pursuing an education in horticulture or environmental preservation; and for worthwhile grant projects that further the mission of the Hudson Garden Club.

OUR MEETINGS

The Hudson Garden Club meets one Thursday evening, monthly from September through May, at Laurel Lake Retirement Center on Boston Mills Road. The social gathering starts at 7:00 p.m. and the program begins at 7:30 p.m. (Exceptions: October- Harvest Soup Supper; May- Scholarship Meeting).

Our publicity appears regularly in Hudson Hub-Times, on Cable 9 and 25 and local papers. Meeting details can be found in our monthly newsletter.
